

## **The Serpent of Light – by Drunvalo Melchizedek**

The Movement of the Earth's Kundalini and the Rise of the Female Light, 1949-2013

„Every 13,000 years on Earth a sacred and secret event takes place that changes everything. Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world. Once at home in ancient Lemuria, it moved to Atlantis, then to the Himalayan mountains of India and Tibet, and with every relocation changed our idea of what spiritual means. And gender. And heart.

This time, with much difficulty, the "Serpent of Light" has moved to the Andes Mountains of Chile and Peru. Multi-dimensional, multi-disciplined and multi-lived, for the first time in this book, Drunvalo begins to tell his stories of 35 years spent in service to Mother Earth. Follow him around the world as he follows the guidance of Ascended Masters, his two spheres of light, and his own inner growing knowledge.

His story is a living string of ceremonies to help heal hearts, align energies, right ancient imbalances, and balance the living Earth's Unity Consciousness Grid-in short to increase our awareness of the indivisibility of life in the universe. We are all-rocks and people and interdimensional beings-one!" Life may seem to be business as usual, but it is not. We are changing fast ...Remember this for life is going to present stranger things to you in your lifetime, and they all have meaning and purpose ...Only Mother Earth and ancient Maya know what's going to happen.“

Those of you who are familiar with Drunvalo Melchizedek know that he was sent to this planet with specific missions to fulfill — and one of them was to assist the Great Mother in a transition process that only comes around every thirteen-thousand years. 'The Serpent of Light' is Drunvalo's account of what it has taken to shift the Kundalini of the planet from the White Pyramid of Tibet to its new home high in the mountains of Chile.

The movement of this root force will open the space for the female frequency to reign over the next 13,000-year cycle. Changes of this magnitude do not happen overnight — and the work that goes into bringing them about is a labor of love — love for all life, everywhere.

In his efforts to ease the planet through the Great Shift of the Ages, Drunvalo's labors have taken him all over the world. These magical mystery tours involved working on the inner planes, in specific locations, at specific times, to bring about outer changes that are vital to the Earth's activation process, and to all of us as we approach the end of the Mayan Calendar.

When you open 'The Serpent of Light', be prepared to enter a realm where miraculous events are the order of the day. As you read along your awareness of the miraculous will be heightened by the realization that all of these synchronicities actually happened in real time.

Drunvalo's description of each journey reads like a cross between Don Juan, The Lord of the Rings, and an Indiana Jones adventure story — the only difference is, 'The Serpent of Light' isn't a fantasy tale — every word in this book is true. The people who traveled with Drunvalo, and witnessed these miracles, will be reminded of their contribution to this work, and of things that happened along the way that they may have forgotten about, or were not even aware of at the time.

Fortunately, Drunvalo wrote this book, not just for the ones who were there, or for those who follow his teachings, but for everyone — anyone who reads 'The Serpent of Light' will be stirred to the core by wonders that make it clear that there is much more to this reality than meets the eye — and by the realization that something deep is reawakening in the heart of the Great Mother. That same force is alive inside each one of us now. As our hearts open to embrace it, our beautiful planet will move out of the darkness, into the Age of Light. Anyone who dreams of the possibility of a new and better world will rejoice when they read this book — don't miss 'The Serpent of Light' — it is Drunvalo at his best.

"In *Serpent of Light*, Drunvalo Melchizedek tells the story of indigenous people around the world creating ceremonies to relocate the kundalini serpent to the high Andes Mountains in Chile, an event that happens every 13,000 years. Spiritual ascension will only come to our planet if men and women are totally integrated and balanced, and during this next cycle, women will be the leaders. Drunvalo was chosen to share in critical ceremonies that were created to empower women because he is a man who dwells totally in his heart and truly respects women. As a female ceremonial teacher during these same years when Drunvalo was creating beautiful ceremonies within many of the same sacred sites with the people, I can say that Drunvalo speaks the truth. He offers as much closely held information as is allowed, so there is significant indigenous knowledge in this book. Drunvalo is a great storyteller! You are there with him while he follows synchronicities and communicates with the great guardians of the sacred sites. *Serpent of Light* is a masterful description of the great Earth activations that are occurring during the end of the Mayan Calendar."

"There are many secrets, some hard to believe and some very old. These secrets and the way Drunvalo weaves a story to bring them to life in this book is pure magic. I believe he is one of the earth's greatest story tellers."

– Ken Page, Creator of Heart & Soul Healing™, author of *The Way it Works, The Heart of Soul Healing, Art of Transference-Healing through Compassion*

"Drunvalo's masterful storytelling reminds us to pay attention and be aware of the synchronicities that lead us to great change in every aspect of our lives, our environment, our climate and even the energies within and around us. As we move into very different times within an uncertain world, *Serpent of Light* arrives to assist us on the road to self realization and ease of transition."

– Dr. Meg Blackburn Losey, author of *The Children of Now: Crystalline Children, Indigo Children, Star Kids, Angels on Earth, and the Phenomenon of Transitional Children*

"When I first received *Serpent of Light*, I began reading and could not put it down. I was enthralled. It reads like a great adventure tale, however, this book is the truth-the truth of how, through an improbable series of events, fine tuning adjustments to the Unity Consciousness Grid have been made. The Earth's Kundalini has been able to complete its once every 13,000 year journey to its new home high up in the Andes Mountains in Chile. This means everything is now in place for the 'shift of the ages,' the great transformation in human consciousness.

There is so much more to this reality than meets the eye-we are much greater than we have been led to and allowed ourselves to believe.. This book is a gift from the Universe. Let it serve as a trigger to reawaken the memories that are deep within so you can remember who you are and why you are here. Let the adventure begin!"

– Bob Frissell, Flower of Life facilitator and author of *Nothing in This Book Is True, But It's Exactly How Things Are*

"For over 35 years, Drunvalo Melchizedek has worked on both the inner and outer planes to support Mother Earth in her passage through The Great Shift of the Ages. The *Serpent of Light* is Drunvalo's account of the ceremonies and miracles that he, and the people who were led to follow him, performed to honor her spirit and awaken forces that have been dormant for 13,000 years. If it seems like a fantastic tale, keep in mind that the truth is always stranger than fiction. Anyone who dreams of the possibility of a new and better world will rejoice when they read this book."
